

Safety and Quality

Policy Statement:

"The Bayou Companies strives to continually improve workplace safety and operations in order to provide quality products and services in an environmentally friendly manner."

The Bayou Companies' policy statement includes a commitment to comply with industry requirements and continually improve the effectiveness of the Quality Management System (QMS). Bayou's QMS is in accordance with the requirements of ISO 9001:2008, ISO 14001:2004 and OHSAS 18001:1999.

In an effort to uphold the required QMS standards and to eliminate the causes of deformities and imperfections, Bayou employees engage in continuous training, internal audits, corrective action implementation and management reviews.

The importance of a safe work environment is continuously stressed at Bayou. The Company's experienced team of dedicated safety professionals constantly strives to develop innovative safety methods to ensure that employees view safety as their top priority.

In an effort to be an environmentally friendly company, Bayou identifies and controls the environmental impacts of its activities and sets environmental objectives and targets. Management is assured that the Company is in control of organizational processes and activities which have an impact on the environment. Bayou ensures that all permits are maintained and that emissions and waste are properly treated and remain harmless to the environment.
